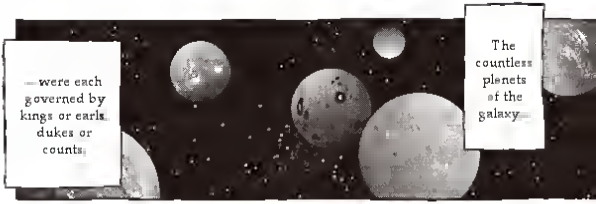
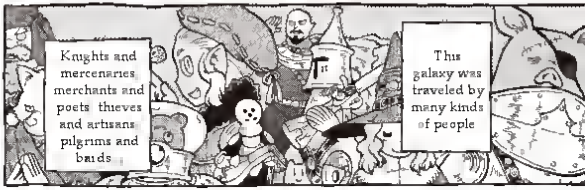
STILL, THAT WAS INCREDIBLE, LORD MIHARCO!
DEAR LORD RAIN BLESSINGS UPON ME!



The countless planets of the galaxy
— were each governed by kings or earls, dukes or counts.



This galaxy was traveled by many kinds of people
Knights and mercenaries, merchants and poets, thieves and artisans, pilgrims and bards

This is the story of one such journey
This is the ballad of the itinerant travels of Baron Miharco and of the adventures that await him!

WHY, MAY I ASK, WAS MY BILL INCREASED BY 92 TAHLA?
BECAUSE YOU'RE THE REASON THAT OCTOPUS RAN OFF WITHOUT PAYING!

SHOUGANAI SCANS

Thanks for reading!

And now for a few last notes...

I haven't been able to find raws for Chapter 4, so if anyone does, I'd be much obliged if you'd send them my way.

In addition, if anyone was interested in doing spot cleaning/ redraws, it would make a big difference in quality, and I'd appreciate it greatly.

See you next time!
